- TRAINER:** James Caputo, Pharmacist from Erie and teaches at Gannon University.
- COURSE:** Methamphetamine has been a problematic substance in the Western United States for more than a decade. Today, many Eastern and Mid-Atlantic states are reporting significant increases in use, treatment, hospital incidents, arrests, etc. This workshop is designed to increase a helping professional's awareness of the bio-psychosocial effects of methamphetamines on the individual, the family and society. Participants can expect to learn the following: 1) the drug, what it is; 2) human physiology.
- DEADLINE:** Please contact Susan Huffman at Venango County Substance Abuse Program by February 23, 2018 to register [shuffman@co.venango.pa.us](mailto:shuffman@co.venango.pa.us) . Seating is limited to 30 participants.

All attendees **must** have a TMS (DDAP Training Management System) account. If you are a new user please follow the link below to create a username and password.
