## **Training Description:**

An approach that emerged out of the HIV epidemic. A primary belief underlying Harm Reduction is that abstinence is not a necessary requirement for behavior change or health management. While needle exchange programs for the prevention of HIV and hepatitis transmission are the most familiar examples of Harm Reductions interventions, this model is currently being applied to the management of many life and health related problems.

**\*\*\*Please note: free parking is limited in downtown Butler. We recommend bringing quarters for street or garage parking. The training center is located on the right on a 1-way street. The parking garage is 1 block passed the center on the right. The training center is a red brick building that also houses the district magistrate and coroner's office.**
